

Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

Read more about Early Journal Content at <http://about.jstor.org/participate-jstor/individuals/early-journal-content>.

JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

and many other Educational Institutions

JUST as America leads the world in reconstruction, wealth, invention, manufacture, so THE AMERICANA establishes a new leadership over all reference works.

The revolutions in thought and progress, brought about by the War, made all encyclopedias obsolete. A restatement of the World's knowledge thus became imperative. The AMERICANA gives a wide view of the world as it is today — not as it was ten years ago.

COPYRIGHTED — 1920

The Boston
Public
Library says:

"This is the first edition of any one of the larger encyclopedias to be published since the close of the European War."
